CONTENT CREATION

For those of you who don't already know, I'm Jade!

Behind the scenes at Amore Hair, I'm the one organising all of our wedding bookings, creating our social media content, and looking after the salon's marketing.

I've spent countless mornings attending weddings with our bridal hair team - capturing the hair you see throughout this brochure, helping coordinate timings, and lending a hand wherever I'm needed.

What started as creating content for Amore has quickly become something I genuinely love. There's something so special about capturing the little moments at a wedding that often go unseen. The excitement, the laughter, the nerves, the happy tears and everything in between.

Whether you want content to relive your day, share on social media, or simply keep as a memory, I'd love to be part of your day.

CONTENT CREATION PRICES & FAQs

What are your prices?

Half Day (up to 6 hours)
£225

Full Day (up to 10 hours)
£375

Travel is quoted separately based on mileage and travel time, and will always be confirmed before booking.

Other wedding content creators are much more expensive. Why are your prices so affordable?

Although I've spent over five years creating content professionally through social media, this is my first year offering wedding content creation as a standalone service.

I'd rather spend this season building experience, creating beautiful memories for couples, and growing my portfolio than charging premium prices straight away.

Does this include photos?

My focus is very much on creating video content, especially as I'm usually working alongside your photographer.

That said, if there's a photo-worthy moment and your photographer isn't around, I'm more than happy to capture a few pictures too.

I'm also always happy to grab guests' phones and help everyone get those wedding Instagram pics from the best angles!

What will I receive?

Every wedding is different, so every package I create is too.

Some couples are looking for a cinematic, wedding videography-style film shot entirely on iPhone. Others simply want candid behind-the-scenes moments throughout the day, highlight reels from different parts of the wedding, or content created specifically for Instagram and TikTok. Some prefer everything filmed in landscape, whilst others want portrait-ready content for social media.

Rather than offering a one-size-fits-all package, I tailor every booking around exactly what you're looking for as a couple. I'll create a bespoke package that captures your day in the way you want to remember it.

For example, one recent full-day booking included:

- A 3-minute cinematic wedding film shot on iPhone.
- A 90-second "wedding trailer".
- An intimate highlight reel focused on the couple.
- All requested raw footage, including speeches and special moments throughout the day.

You can find examples of my work on Instagram, including tagged wedding content, @jadehannahb.

Do you work alongside videographers?

Absolutely!

Wedding content creation is often booked as an alternative to videography, but I'm more than happy to work alongside a videographer too (provided their contract allows it).

If you're booking both, we'll discuss this during your consultation so I can tailor my approach to complement theirs rather than replicate it. We'll make sure you're getting the most out of having both suppliers on your wedding day.

“The start of my wedding day could not have been more perfect, my bridesmaids and I spent the morning at Amore with the amazing team who looked after us all morning, we all felt so relaxed and pampered and they really made everything so special it literally could not have been more perfect.”

Content Restimonial:

“Jade was an absolute pleasure to have as our wedding content creator. Even before we met, she was so helpful and communicated

with us for months before the day. She was so friendly, kind and calming, and she helped me feel completely at ease. Jade captured our wedding so beautifully, creating the most amazing videos that perfectly reflected all of the special moments and emotions. Watching them back lets us relive the day over and over again, and we will treasure them forever. Jade was such a lovely part of our wedding, and I couldn't recommend her more highly.”

LAUREN'S WEDDING 2025

I honestly can't thank the team enough for the incredible experience they gave me from start to finish. From the very beginning, they made me feel so calm and reassured, instantly understanding the vision I had for my hair on the big day. Knowing I was in such capable hands took so much stress away. What really stood out to me was how approachable and kind they were. I always felt comfortable asking questions—never once did I feel like I was being a bother, and they made it clear that no question was ever a silly one.

I felt so well looked after, not just on the wedding day itself but throughout the entire lead-up. The level of care and attention they gave me made the whole process feel incredibly personal and special.

On the day, they were nothing short of amazing. So helpful, caring, and genuinely understanding. They made sure every last detail was perfect, and I couldn't have asked for a better team to be part of such an important day. Thank you again for everything—you made me feel so beautiful and truly cared for. I'll never forget it!

JESS'S WEDDING 2025

Claudia at Amore Hair really listened to me and what I wanted for my bridal hair. She was so accommodating to my multiple hair trials as I wanted to try slightly different styles to make sure it was perfect. We also did a couple of colouring sessions prior to the wedding to ensure the colour and placement of highlights suited the hairstyle I wanted. On the day, Claudia turned up early and everything went smoothly. Myself and the bridesmaids were so pleased with our hair on the day and we had so many lovely compliments on the day!
